

Members Only Policy for the Redding Gun Club

1. The primary purpose of a Members Only Club is to create a better managed and safer shooting environment.
2. A regular member in good standing, spouse, children and grandchildren 20 and under will have access to RGC facilities during club hours without further costs other than shoot tickets (shotgun) and associated special event fees. Non-members will pay a \$10.00/day use fee on normal shoot days. Non-members participating in special events are responsible for the event fees only, the day use fee is waived.
3. Non-members must be accompanied by a current member in order to use RGC facilities during regular shoot days. The non-member and current RGC member are required to register on a log sheet in the clubhouse or the rifle/pistol shed prior to using RGC facilities. Members entering the rifle/pistol range must register in the rifle/pistol shed prior to each use. Members using the shotgun facilities will register in the clubhouse only when sponsoring a non-member. RGC members are responsible for educating the non-member as to the safety rules and etiquette associated with the activity the non-member will be shooting. A regular member may bring any number of non-members during the calendar year with a daily limit of five non-members a day. Each individual non-member is limited to use RGC facilities to two days a year.
4. Members not registering a non-member may lose all rights and privileges associated with being a regular member of RGC for that calendar year with no refund on dues paid or shoot tickets purchased. Non-members not registering and paying the non-member fee may be asked to leave the club premises and may be refused the use of RGC during normal club hours for the calendar year.
5. Non-member Special Groups (Boy Scouts, 4H, FFA, etc.), with the special range use committee approval, may use RGC. RGC reserves the right to hold members only events.
